Mission "AADHAR" is a compassionate initiative aimed at providing crucial support to impoverished and homeless individuals who find themselves in dire financial circumstances. In many cases, these vulnerable individuals lack a support system to assist them, particularly when faced with serious

illnesses or health challenges. Their own children may be unable or unwilling to care for them, leaving senior citizens feeling unloved and neglected during this phase of life, primarily due to their age and physical conditions, which further compound the difficulties of daily living. "AADHAR" seeks to bridge this gap and extend a helping hand to these marginalized individuals through the dedicated efforts of SEVAK. This mission aims to address their essential needs and improve their overall well-being, ensuring that they are not forgotten and neglected during their most vulnerable moments.
